Case

Diamond in The Box

The Bluejack Jewelry will be opened next month, and they want to promote their store in a unique way. So you are appointed to make a program to create a program to help Bluejack Jewelery. This program will output the diamond shape in a box.

Input

The program will ask for a single input **N** which will be the size of the square.

Constraint

5 < N < 100

N % 2 = 1

Output

Shape of diamond inside a rectangular text.

Example

Input	Output
| 5 | ```
*****
*  * *
